Reference and Risk Assessment Form

Pilsdon was founded in 1958 as a Community of people who endeavour to live together as one household according to the precepts of the Christian Gospels, offering shelter, hospitality and spiritual refreshment for people in need of refuge without regard to gender, race or creed. Pilsdon at Malling was founded in 2004 on the same principle. There is a daily pattern of prayers (optional), meals, work and recreation. Everyone is expected to assist to the best of their ability with any work required. It is a dry house and the consumption of alcohol or illicit drugs on or off the premises is not allowed. Pilsdon is not a detoxification or treatment centre and does not accept people on methadone or similar prescriptions.

There is a referral process, this form being the first stage. We aim to make Pilsdon a safe place for those who live here. We do not accept people who have convictions for sexual abuse, arson or non-drug/alcohol related violence. Information that you give on this form will be treated as confidential unless it is clearly necessary to share it to protect the health or safety of the person or others.

Name and contact details of potential Guest:

Date of birth of potential guest

Your name and contact details (please print)

Why do you think Pilsdon at Malling would be helpful to the potential Guest?

Please give details of any current health concerns
